**From:** Chloe Chaudhry to All Panelists 07:02 PM

As a resident of Berkeley of 30 years, Cesar Chavez Park is my favorite part of living in Berkeley. Please do not destroy our beautiful park—no commercial development!

**From:** Berkeley Resident to All Panelists 07:02 PM

Please preserve the natural beauty and accessible rejuvenation provided by the Marina Area for all area residents and hold the line against privatization and commercialization of Berkeley's precious open space.

**From:** Mykael Mosd to All Panelists 07:02 PM

- I oppose the BMASP plan pertaining to Cesar Chavez Park
- Leave commercial development out of Cesar Chavez Park
- Cesar Chavez Park is a Berkeley jewel, leave it alone
- No to "revenue opportunities" in Cesar Chavez Park
- BMASP "consultants" never asked for my opinion; no to Cesar Chavez Park development
- Leave the pristine wide-open spaces of Cesar Chavez Park alone!!
- I oppose the BMASP plan

Keep Chavez Park as a free and accessible

**From:** Rachel Bradley to Everyone 07:04 PM

I oppose the BMASP plan for the reasons explained by the previous comments in the chat.

**From:** Sarah Elzea to Everyone 07:04 PM

My dog Cyndi and I are walkers at Cesar Chavez Park. We have been walking there regularly for three years and we don't want to see it changed because there are so few open spaces in this area. The City of Berkeley has a limited amount of open space and should do whatever it can to preserve Cesar Chavez Park!

**From:** MGP to All Panelists 07:04 PM

Please leave commercial development out of Cesar Chavez Park

**From:** Sue Tomasello to All Panelists 07:04 PM

I definitely oppose BMASP

**From:** MGP to Everyone 07:04 PM

Leave commercial development out of Cesar Chavez Park

**From:** ktandy to Everyone 07:05 PM

I would like the Cesar Chavez park to remain as is.

**From:** marilyn to Everyone 07:05 PM

Given the proven health and social benefits of outdoors experiences, retain Chavez Park for all to enjoy

**From:** Wini Williams to Everyone 07:05 PM

Hello Commissioners - I oppose the BMASP plan. It's not in the best interest of any of the regular Marina users.

**From:** Katie Calvert to All Panelists 07:05 PM

I oppose the BMASP plan pertaining Cesar Chavez Park.

**From:** Deb Todd she/her to Everyone 07:05 PM

Please leave the wonderful open space of Cesar Chavez park alone. Once it's gone, it's gone.

**From:** ghislainphanvanthiet to Everyone 07:05 PM

Leave this part as is! No commercial development on Cesar Chavez park!

**From:** Maud Engel to Everyone 07:06 PM

Leave the pristine wide-open spaces of Cesar Chavez Park alone!!

**From:** Shahryar Muzaffar to All Panelists 07:06 PM

Hello!

My name is Yar and I've been enjoying Cesar Chavez Park since we moved here in 1996. I have particularly enjoyed Flying my RC Airplanes over the years and my kids love flying their kites here as well.

I very much oppose the BMASP plan pertaining to Cesar Chavez Park.

**From:** Bill Kruse He, Him to Everyone 07:06 PM

I enjoy the park on a regular basis. I love the open spaces, the fresh air and seeing the diversity of people which use the park. I have lived in Berkeley for over 54 years and find this park to be an invaluable space. Please keep the park the way it is.

**From:** Shahryar Muzaffar to All Panelists 07:06 PM

Please leave this space the way it is!

**From:** micky duxbury to All Panelists 07:06 PM

I am opposed to the BMASP plan and hope to share my comments tonight.

**From:** D2 Community West Berkeley to All Panelists 07:06 PM

I have been a user of Cesar Chavez for as long as it has existed and strongly support keeping it open space as it has been, a haven for walkers and wildlife.

**From:** Alexis Milea to All Panelists 07:06 PM

As a Berkeley homeowner and frequent user of the wonderful open spaces at Cesar Chavez Park, I oppose the BMASP plan. Please DO NOT destroy this Berkeley open space!

**From:** Bob Whalen to Everyone 07:07 PM

Why are we even considering commercializing and monetizing the only real semi natural space along the Berkeley waterfront?

**From:** micky duxbury to All Panelists 07:07 PM

when do you want hands raised for the plan?

**From:** Shahryar Muzaffar to All Panelists 07:07 PM

I second that!

**From:** Morissa Zuckerman to Everyone 07:07 PM

Dear Commissioners -- I oppose the BMASP plan pertaining to Cesar Chavez Park. We greatly value this beautiful open community space and urge you to protect it!

**From:** Shoshana Uribe to Everyone 07:07 PM

I agree— our three generations of Berkeley family and a Berkeley business owner love to frequent Cesar Chavez park as a peaceful open space— just today my teen was moved by the Cesar Chavez and Dolores Huerta site and enjoyed some quiet meditation as we walked around the park... always a beautiful and diverse community enjoying the park

**From:** Zed to Everyone 07:07 PM

Please no further development on the open space portion of the existing park.

**From:** Steven F to All Panelists 07:07 PM

How can I see the agenda?

**From:** Anne-Marie Miller to Everyone 07:07 PM

I and everyone I know, opposes the BMASP plan. CCP is the jewel of Berkeley, especially needed now that Berkeley is growing so dense

**From:** David Schneider to All Panelists 07:07 PM

I oppose the BMASP plan fr Cesar Chavez Park. Please leave commercial development out of CC Park. NO to "revenue opportunities." Leave pristine wide-open spaces of CC Park alone. The park is a wonderful public space for folks of all socio-economic ilk, racial, ethnic, diverse backgrounds to hang out together.

Thank you. Sincerely David Schneider

**From:** F Feller to Everyone 07:07 PM

Leave commercial development out of Cesar Chavez Park

Since I retired 7 years ago, I have been going on an early morning 2.5 mile walk at least 3 times a week. It is a beautiful, peaceful and quiet place. I would hate the commercial development that would bring chaos, noise and pollution that would occur in this tranquil environment. It is a pleasure to see the water, rock formations, birds and squirrels. I oppose the BMASP Plan.

Feleciana Feller

**From:** Marcy Darnovsky to Everyone 07:07 PM

Please don't commercialize Cesar Chavez Park. It is precious open space and once it's gone we can never get it back@

**From:** D2 Community West Berkeley to Everyone 07:08 PM

I have been a user of Cesar Chavez for as long as it has existed and strongly support keeping it as it is, a haven for walkers and wildlife.

**From:** emilie to All Panelists 07:08 PM

No, no, no regarding the BMASP. It's horrendous and would ruin one of the best things about Berkeley, our wonderful Cesar Chavez Park.

**From:** John Moss to Everyone 07:08 PM

So enjoy the park in its current condition. I value the natural setting, and it's solitude. I oppose the BMASP entirely!

**From:** Susan Kegeles to Everyone 07:09 PM

Hello commisioners -- please do not develop Cesar Chavez into a commerical enterprise. It is an absolutely magnificent place that we have as Berkeley-ites! I am a home-owner in Berkeley and have lived here nearly 50 years. I have treasured this park for nearly 35 years and go there often. I pushed my babies in strollers, rode bicycles with them, and now in my olders years often walk there. The magnificent sea breezes I experience there, watching the waves. seeing the boats go by and looking straight across to the Golden Gate - we have a treasure here! I would like to see more work in maintaining hte place such as more garage receptacles, perhaps some flowers, and so forth, but nothing more. We have a treasre. Watching the kites fly in this beautiful open space is awesome. Please do not put in buildings, a Ferris wheel, money-making activities. This open space is needed for the mental health and well-being of all of our citizens is essential. I also absolutely the Berkeley Marina. I am Susan Kegeles.

**From:** susan black to Everyone 07:09 PM

The current BMASP plan is a travesty to nature and a total insult to those of us who use and love this park. I have lived here for over 40 years and walk the Marina nearly daily. It is a sanctuary for all of us and for all the birds and fauna that live there. During the pandemic it has been a quiet and beautiful sanctuary. NO AMUSEMENT PARK

**From:** jo to All Panelists 07:09 PM  
We oppose all developments to Cesar Chavez park.

**From:** Daniel Larlham to All Panelists 07:09 PM  
I oppose the BMASP plan, which is completely lacking in a sense of environmental stewardship, and shows disgraceful disregard for the non-human beings who live in Cesar Chavez Park, and for the lovers of the park who go there for a sense of peace and remove from the noise and activity of town.

**From:** Sally Pugh/Ed Herzog to All Panelists 07:09 PM  
I totally agree with Peter - first speaker.

**From:** MGP to Everyone 07:09 PM  
I have been enjoying Cesar Chavez Park for over 20 years. Please let us and future generations enjoy this Berkeley gem!

**From:** Susan Kegeles to Everyone 07:09 PM  
Susan Kegeles - 2957 Shasta Rd. I have another meeting to attend and can't stay on.

**From:** matthew H to All Panelists 07:10 PM  
I believe open space at ceasar chavez to be invaluable. open space is versatile space. please keep it so

**From:** ruthrosen@gmail.com to All Panelists 07:10 PM  
It is so horrifying that you would allow Cesar Chavez to be changed into the idea you've suggested. This is where I go for walking every day, where elders walk, where parents stroll with their babies, where children fly kites, where people sit and look at the golden gate bridge and SF and Mt. Tam.

**From:** Daniel Larlham to All Panelists 07:10 PM  
During the height of the pandemic, the park was a crucial place of retreat, respite, and communion with nature for my partner and me. We called the park "The Edge" – as in, the edge of civilization – and we went for walks there almost every day, at all times of day. We often watched the sunset and ended up staying until well after dark. We got to know the seasonal changes of the place, the different kinds of weather it can have – from biting wind to glorious sun – and the habits of the animals who live there. We had some quite magical experiences listening to the almost metallic-sounding calls of red-winged blackbirds and, at night, watching barn owls swooping low over the ground or hovering over the water of the Bay. I'll wager that the BMASP planners didn't spend much time with those owls, or they wouldn't have placed their imagined events pavilion, apparently intended to host huge music festivals, right next to their nesting boxes.

**From:** Sally Pugh/Ed Herzog to All Panelists 07:11 PM  
How dare you try to develop a city of Berkeley treasure, Cesar Chavez park. West Berkeley needs some open space!!!

**From:** Marie Appel to Everyone 07:11 PM  
I oppose the BMASP plan for Cesar Chavez Park. Please do not develop and commercialize Cesar Chavez Park – leave it as is for all to enjoy!

**From:** Steven F to All Panelists 07:11 PM  
The city has been diverting the marina's hotel tax revenue for ages.

**From:** ruthrosen@gmail.com to All Panelists 07:11 PM  
I have loved this park for 30 years and it's a development that would make Berkeley a place to develop, not to live.

**From:** Agnes S to All Panelists 07:11 PM  
Please preserve Cesar Chavez Park as open space. We need this little bit of nature in West Berkeley!

**From:** Marcy Darnovsky to Everyone 07:11 PM  
One other comment: It's disappointing that the planning has gotten this far along, with minimal public notice. I learned about it from flyers that an individual had taken it on himself to create and post at the Marina. Why so little public notice?

**From:** Maxwell Wengrofsky-Jamison to All Panelists 07:12 PM  
Hello I think this is a terrible idea to commercialize the area. it is my understanding the money needs to be raised to fix the yacht harbor. I also heard the fees for the yacht owners have not been raised. Leave the park alone and raise the dock fees. The area needs to be left alone and let Berkeley and other residents enjoy the park.

**From:** Mari Vlastos to Everyone 07:12 PM

I am very concerned that I heard nothing at all about the plan to develop CC Park commercially until I read a letter in Berkeleyside! I'm shocked at the proposed changes—CC should remain as it is, with the exception of establishing well maintained public bathrooms which are very much needed. It is a rare easily accessible public space that the old, disabled, very young and everyone else can easily use in its present form. It should remain exactly as it is in a state of nature pure and simple. Berkeley is becoming overly commercialized as it is. PLEASE DO NOT ADD TO THIS

**From:** ruthrosen@gmail.com to All Panelists 07:12 PM

I seriously oppose the development of anything in this gorgeous park. Only greedy people would think this is a good idea,

**From:** Sandy Emerson (she/her) - FFCA to Everyone 07:12 PM

Sandy Emerson, resident of North Berkeley. The Master Plan includes a number of options for uses and funding, and I'd love to see the emphasis placed on restoring and maintaining the public open space and improving opportunities for non-motorized recreation. I learned to kayak by launching at the Cal Rec docks at Berkeley Marina, and it would be wonderful to have more kayaking and SUP facilities. The Bay Trail could be improved and extended for cyclists, as well.

**From:** Bob Whalen to Everyone 07:12 PM

We need to enhance the park not develop it for other purposes. How about a campground or playground for kids. A waterfront RV campground like they have in Pacifica.

**From:** tamarabirdsall to All Panelists 07:12 PM

We bought our home in Berkeley in 1989 and have visited Cesar Chavez Park frequently since then.

The space may not be rich with amenities, but that clearly suits this community. It's a wonderful, unique, accessible space that honors humans, wildlife, and the Bay.

While a music venue and features like zip lines sounds perfectly nice, it's a commercialized development that can't possibly serve our entire Berkeley community the way this organic Park does now. Developers can find another place for this type of attractions.

Further, the BMASP process seems quite covert. It has not been inclusive and transparent. We do not support it going forward, at this point.

**From:** Ernest Isaacs to All Panelists 07:12 PM

I am a resident of Berkeley and go back to the day when it was the city dump. Some of my garbage and tires are rotting away even now. I'm really opposed to this destruction of this beautiful park that so many people enjoy so much.

**From:** betseytabraham to Everyone 07:13 PM

I am against commercial development at Cesar Chavez Park. It is an essential public space for everyone to enjoy.

**From:** Maxwell Wengrofsky-Jamison to All Panelists 07:13 PM

hello. I am 10 years old and I really enjoy walking my dog in the park. I also go to adventure playground and the beach with my friends and go to camp there. Please do not take this away.

**From:** Daniela to All Panelists 07:14 PM

I oppose the proposed plans because they will transform Cesar Chavez park into a commercialized development forever destroying the unspoiled natural space that makes this park so unique.

**From:** john hershberger to All Panelists 07:14 PM

I oppose commercial development at Cesar Chavez Park. Protect and the save the priceless open space!

**From:** elsa tranter to All Panelists 07:14 PM

I too am against commercial development in the park as articulated by Betsy Abraham.

**From:** Christy Bertani to Everyone 07:15 PM

In an urban environment, open space is rare & precious. No commercial development in Cesar Chavez Park. Leave it as open space.

**From:** Miranda to All Panelists 07:15 PM

I am against altering or developing Caesar Chavez open space park, especially the ideas put forth in the Berkeley Marina master plan. The many users of the park would like to be included in any information regarding potential changes that will affect the quality of life for the community and the wildlife. If it were not for a Berkeleyside article and passionate community members - many of us visitors would have no idea that the park could have massive changes with very little transparency.

**From:** Doug Dohrer to All Panelists 07:15 PM

To commercialize Cesar Chavez is a travesty. I go to Cesar Chavez 2 or 3 times a week to walk my dog and enjoy a small slice of nature. To add a zipline, music pavilion, etc. is horrendous. Please allow the park to remain what it was intended to be: open space.

**From:** Miranda to Everyone 07:15 PM

I oppose the proposed plans because they will transform Cesar Chavez park into a commercialized development forever destroying the unspoiled natural space that makes this park so unique.

**From:** Julia Cato to Everyone 07:16 PM

The parks at the Berkeley Marina are Berkeley's greatest treasure. I am appalled that the City wants to commercialize Cesar Chavez Park and make that serene setting into something like an amusement park complete with zip lines and venue for music. That is not the purpose of a park, particularly a park that is beloved by so many for the peace and beauty that it offers us, a place to restore our balance, to pause and be thankful that there is such beauty in the world, a place that is also a wildlife refuge that was built to protect various vulnerable species which we have the privilege of observing from a distance. Now we are supposed to share this with zip lines, loud music and crowds that don't care about where they are but only what they are doing. Those of us who love this place, and there are thousands of us who visit over the span of a few weeks, care greatly about where we are when we are at the park. It is where we get, for free, some of the best views in the bay area, the bay the bridge, Mt. Tam an

**From:** Sue Estey to Everyone 07:17 PM

Cesar Chavez park currently offers a connection to the Bay for people. I oppose commercializing this park with structures for paid events. Please keep our park open space peaceful.

**From:** Noah Rowlett to All Panelists 07:17 PM

I support Brittney's request to turn Berkeley Way Mini Park into an official dog park. It has been an amazing place to build community in Berkeley and the neighborhood kids love it. I rarely see kids playing in the grass lot at Berkeley Way Mini Park

**From:** Jonathan to All Panelists 07:18 PM

Yesss!!!

**From:** ruthrosen@gmail.com to All Panelists 07:18 PM

There are very few places where you can see SF, Gold Gate Bridge, Mt. Tam, to commercialize this is an insult to the community

**From:** Mary Behm-Steinberg to All Panelists 07:18 PM

I'm appalled that the City would even consider privatizing the park, and I'm also appalled at the very real threats to the environment in and around the park from pollution from an amusement park and large concert venue. Preserve the park not just for all us from here, but for future generations. More revenues could easily come from a state-level tax on major corporations, which is long overdue. Fix the infrastructure and otherwise leave the park alone. Thanks

**From:** Camille to Everyone 07:18 PM

Hi Roger, Can you let me know about that SLR study? I heard the draft is out. Is a copy available?

**From:** Jonathan to All Panelists 07:19 PM

I SUPPORT BWMP converting to a DOG PARK!!!!!!!  
THANK YOU BRITNEY!!

**From:** Debbie Felix to All Panelists 07:19 PM

We go to Cesar Chavez on nearly a daily basis with our dog. We love our walks and the natural beauty of the park and bay. I have reviewed the proposed master plan and feel that it takes away from everything we love about the park now. Please don't let the plan move forward.

**From:** Melissa Riley to All Panelists 07:19 PM

I oppose the commercialization of Cesar Chavez Park—the BMSASP or any even vaguely similar future plan. I have walked this stunning and irresponsibly underfunded natural place with my family weekly or more for since its inception, meeting and greeting friends new and old. It would be a shame to destroy the spirit of this common ground on the shore of our city. How UnBerkeley can we be if this plan goes forth?

**From:** Camille Watts-Zagha to Everyone 07:19 PM

I support Brittney's position to make Berkeley Way Mini-park an off leash park. I lived on Francisco St @ Curtis from 2002-2010 and it was unused then. Dog owners are a natural constituency to liven up the park. Thank you, Camille Watts-Zagha

**From:** Leah Caudell-Feagan to Everyone 07:20 PM

We agree that the Berkeley Way Mini Park should be officially designated an off leash dog area. It is public land that is currently just sitting unused and would allow neighbors with pets to exercise and socialize their dogs!

**From:** Charles T Wilson CMC® to Everyone 07:20 PM

I strongly oppose the BMASP plan pertaining to Cesar Chavez Park and don't want any commercial development that would restrict or hamper access to this special, historical open-space and wildlife protection park.

**From:** David S. to All Panelists 07:21 PM

I oppose the the BMASP plan. I spend a great deal of time at the Cesar Chavez Park. Please keep it as is.

**From:** Masha Gutkin to Everyone 07:21 PM

hear hear!

**From:** Mary Law to Everyone 07:21 PM

I strongly oppose the BMASP plan. We need to protect the natural habitat and open space—that is free to all—rather than the proposed developments at Cesar Chavez Park, which would destroy the habitat and require admission fees. A toilet upgrade is the only improvement I'd be glad of!

**From:** Plan today to Everyone 07:21 PM

I oppose the BMASP plan pertaining to Cesar Chavez Park. I strongly oppose commercial development in Cesar Chavez Park.

**From:** ruthrosen@gmail.com to All Panelists 07:21 PM

bravo!!!!

**From:** observer to Everyone 07:21 PM

Our family uses Cesar Chavez Park multiple times per week. It is one of the most precious open spaces in the city, located as it is adjacent to the bay. It would be a travesty to destroy it with this proposal. Is the city so desperate for revenue that it is willing to degrade the quality of life of its residents.

**From:** Carla Woodworth, Parker Street to Everyone 07:21 PM

I am opposed to BMSAP. I oppose the commercialization of our parks and beautiful open space. If the BMASP plan is City Hall's vision of our waterfront, then I suggest you place this plan on the ballot, either this November or November 2024. At least this way the Berkeley public would be informed of this plan. Let the Berkeley voters decide whether or not they want Coney Island or Disneyland or the Concord Pavilion at the Berkeley Marina. Carla Woodworth, 2335 Parker Street, Berkeley (District 3).

**From:** e. kay Trimberger to Everyone 07:22 PM

I have been using Caesar Chavez park for 50 years when I had dogs with friends and by myself. It is so great to have this natural place by the bay and near by.

**From:** Dina Roumiantseva to All Panelists 07:22 PM

I am also strongly against development in Cesar Chavez park, this is an important natural area for all to enjoy. It is already widely used and enjoyed by families, dog walkers, and bird watchers. Bird watching has exploded in popularity during the pandemic particularly among young people and many marginalized communities. It is crucial for mental health and well-being of adjacent communities to have access to open, natural space. Please leave Cesar Chavez park as it is!

**From:** Ilyana landes to Everyone 07:23 PM

Please do not take away any of the Marina /Cesar Chavez Park 's open natural area. It is a gem, and to place development there and disrupt the natural area would be a great loss to so many people. It is also one of the few natural areas that is accessible to those who are disabled.

**From:** Mandy to All Panelists 07:23 PM

I strongly oppose the BMASP plan pertaining to the development of Cesar Chavez Park.

**From:** Deborah Scott - District 2- Berkeley Ca to Everyone 07:24 PM

Cesar Chavez Park should remain the beautiful and open space it is. I am opposed to the development and commercialization of this space. It should be well maintained and remain available to ALL. It is just by chance I learned of the plan to develop the park. We need more transparency about this process. I agree with one of the speakers who talked about improving what is already in the area -- the pier, the hotel, the restaurants that already exist. No need for further development.

**From:** Maxwell Wengrofsky-Jamison to All Panelists 07:24 PM

Is it true that the money raised by development of the park would go to fix the Berkeley harbor, because fees have not been raised in 15 years for the yacht owners? Even landlords are allowed to raise the rent ! I think the commercial development is just part of the larger picture of developers running the town with Jesse at the front.

**From:** meryl siegal to All Panelists 07:24 PM

I totally agree, the Marina/ Cesar Chavez Park is an open natural area that must be kept as it is --- a place for contemplation, dog walking, chats, and the like. It is inequitable to even think about charging money to attend the park.

**From:** Nusi Goldfish to Everyone 07:24 PM

As a daily visitor with my dogs to Cesar Chavez Park, I oppose any BMASP plans to create revenue opportunity in this rare Bay Area natural setting for people, dogs, wildlife and native plants. We need this simple, free, daily open space now and going forward!

**From:** Mary Behm-Steinberg to All Panelists 07:25 PM

I agree with Helen, and that includes adequate bathrooms.

**From:** Julia Cato to Everyone 07:26 PM

Mt. Tam and the hills with their ever-changing hues of light and shadow. And above all, living things, plants, seabirds, shorebirds, baby owls, and other little rock critters-- and we like knowing they have a safe home here and will be protected and there when we come back the next day or the next week.

City parks were created to provide this kind of environment of open space, beauty and nature --things most of us have little access to where we live. The park is my real yard, my real open space.

The city has already taken the pier from us, where we walked to watch the sunset and the moonrise, where fishermen of diverse ethnicity spent their weekends and their children played along its length. They are seen no more at our park. Now the city is going after the very heart of the park. What will be left? Do you know that hundreds of people come to the park just to watch the sunset each day? It is a lovely experience sitting on a bench or in your car with all these other people watching the sun go down into the w

**From:** Julia Cato to Everyone 07:29 PM

I am Julia Cato and I am adamantly to the current plans to commercialize Cesar Chavez Park and turn it into an amusement park rather than the peaceful, beautiful access to nature that it currently is.

**From:** Steven F to All Panelists 07:29 PM

The city has diverted the marina's hotel tax for too long. Now that there is that big new Marriott downtown, they have another cash cow, and should leave the marina's hotel tax in the marina.

**From:** Nancy Hormachea to All Panelists 07:29 PM

Please record my opposition to the BMASP plans to commercialize Cesar Chavez Park. I visit the off-leash dog park area every day. The park gives me so much more than just a place to exercise my dog. As a senior it's easy to feel isolated and cutoff in our fast moving society. Going to the park gives me and other seniors a valuable opportunity to interact with park regulars as well as visitors. The off-leash dog area also provides me with a place where I can feel safe to walk and

appreciate the beautiful views. The Marina area is a valuable asset to our community that should not be developed into a commercial enterprise.

**From:** Daniel Larlham to All Panelists 07:30 PM

**From:** Berkeley Resident to All Panelists 07:30 PM

Thank you Jeff. It is sad that we all did not know about this until the Berkeleyside article came out and you starting working to do the kind of outreach that one would have expected of the city. Instead you took that on as a private resident to do all you could to inform people about what was being considered in the Area Specific Plan. Thank you Jeff.

**From:** Stefani Berger she/her to Everyone 07:31 PM

CC park is the last open space on the waterfront that is available for all. It is shocking that it is being even considered for development. I walk in the park everyday and love the quiet nature of it. So many of us, children, elders, other-abled persons, people and their dogs and more enjoy the park. Developing it as a pay for play is a direct affront to the values of Berkeley. Please preserve this beautiful park. Do not commercialize it. I am against the BMMASP!

**From:** Audrey webb to All Panelists 07:32 PM

I am responding to the lack of transparency where many of us learned about the proposal for Cesar Chavez Park way after a draft was drawn up. We are now trying to catch up and respond to this. What a terrible idea - to monetize a beautiful park ,home to many birds and other wildlife, not to mention the monuments honoring Cesar Chavez. I know many of us will fight to be sure this beautiful park remains as is and I do not envy any new construction that is started. Please respect the people of Berkeley and elsewhere who benefit from this beautiful place.

My wife and use CC Park regularly for a respite from the hubbub of the city. Especially now that Berkeley is building high rises in every corner of the city.. I strongly oppose the BMASP plans. for the park. I am grateful to all the people working to keep the park just as it is, beautiful open space> I was so happy when the park was built on top of all the construction debris i dumped there in the 1980's.

**From:** Erik Radock to Everyone 07:34 PM

I am opposed to the commercialization of César Chávez Park being proposed with the goal of funding long needed maintenance and repairs to the marina and pier.

**From:** Agnes S to Everyone 07:35 PM

Cesar Chavez is the jewel in Berkeley's crown. CC brings nature and beauty to the urban west side. It must be kept that way. Theme parks, and other paid entertainments are available all over the Bay Area, CC does not to be added to that long list.

**From:** Gael Alcock to Everyone 07:35 PM

The Marina and Cesar Chavez park provide the best recreation and entertainment year round in the city of Berkeley. The air alone is divine. Close your eyes, and listen, and you will be wowed! And it's free!! A bike ride away over the footbridge brings you into a world of sky, sea, birds galore. What more could a person ask of a park?

**From:** Melissa H to Everyone 07:39 PM

We discovered CCP dog park in the mid-1990's. It was a four paws up favorite of our dogs. For us two leggers there was always opportunities to socialize with fellow dog walkers and decompress. Fast forward to today. My husband and dogs made their last stroll and viewed their last sunset but I still walk there frequently and I enjoy meeting new people and remembering the good times. Please, please do not implement the plan as currently proposed. Let future generations continue to have a refuge that I and so many have found at CCP. Thanks, Melissa H.

**From:** Alan K to All Panelists 07:39 PM

Hello, urgently request that Cesar Chavez park not be commercialized. Please keep it as it is. The community that uses the park love it as it is. We appreciate the new paved roads. Please stop at this. Adding new pavilion and event centers

will destroy the nature and soul of the park. We need to stop the commercializing of the park. It has been a refuge of the community. Please don't destroy it.

A peaceful place of sky, sun, fog, water, wind, and birds is a necessary refuge for us all from the insane busyness of our daily lives. The last thing we need at a place like Chavez is more noise, more commotion, more stuff. I oppose commercial development at Chavez. Once precious open space is gone, you never get it back. Thank you, Susan Spath, Berkeley resident and Chavez Park friend

**From:** Diane Mintz to All Panelists 07:45 PM

The plans I have seen for the marina focus on the north side (CC Park). What about the south side of the Marina, the unused huge parking and building that was Hs Lordships?

**From:** Virginia Browning to Everyone 07:46 PM

I'm not sure what ADA compliant paving means - but for the many who walk there, it should NOT be concrete. IT DOES need asphalt or other soft surface (permeable if do-able) repair.

**From:** Diane Mintz to All Panelists 07:46 PM

One of the plans I've seen takes out the Berkeley marine Center and sailing club. These are integral parts of the operation of the marina.

**From:** gina to Everyone 07:48 PM

Cesar Chavez Park and the Berkeley Marina are open space areas that are essential to the health and peace of residents and visitors. It is a refuge from the hustle and bustle. The view is magnificent and is admired and revered w/o fanfare or exploitation. One only needs walk there and be amazed. It is a place where I and my friends walk every week. I have walked the Marina and Park over 1000 times with my dog and without, with my children and w/o. I got alone to drink a coffee and take in the fresh air and the view and experience gratitude. I despair at the idea of commercializing the area. The occasional open-to-all, area-appropriate festival is fine. I oppose BMASP. The value of the area IS its availability for peaceful walking and contemplation. If the City cannot keep it as open, green space, and maintain it without commercializing it, sell it to EBRPD. That entity recognizes the value of beautiful open space for the people in the Bay Area.

**From:** Diane Mintz to All Panelists 07:48 PM

Agreement on the suggestion not to make the CC walkway asphalt. It gets too hot for dogs' pads. they burn when the air is 177 degrees

**From:** Sally Pugh/Ed Herzog to All Panelists 07:48 PM

This is insulting and happens every time in Berkeley. There is over one hundred people waiting to deal with CS and we are put on hold.

**From:** Vern to All Panelists 07:49 PM

Me and my wife Pat have lived and paid taxes to Berkeley since 1980 and use this park regularly. We love the park as it is and oppose any development on this wonderful open space. Thank you for recent improvements to the access and roadway improvements, but please don't diminish the open space!

**From:** Robert Blomberg to Everyone 07:49 PM

**From:** Julia Cato to Everyone 07:51 PM

Has thr plan for a ferry landing at the marina been cancelled -- I hope?

**From:** Steven F to All Panelists 07:52 PM

The marina area has lots of potential. A new hotel in the former location of HS Lordships could be good, and increasing the number of units of the exiting hotel (within the existing footprint) would bring in more hotel occupancy tax (which should stay in the marina).

**From:** Claudia Kawczynska - Commissioner to All Panelists 07:52 PM

**From:** Valerie Artese to Everyone 07:54 PM

I heartily oppose the BMASP plan for Cesar Chavez Park. Berkeley citizens clearly love and wish to protect this open space in the flats that can be easily reached, including by people who don't drive. The commission has stewardship over our open spaces/natural spaces. Please respect constituents' wishes. There are other appropriate ways to generate revenue.

**From:** Carla Woodworth, Parker Street to Everyone 07:55 PM

A listening session? Where did all the city commissioners go?

**From:** Rachel Bradley to Everyone 07:55 PM

**From:** Robert Blomberg to Everyone 07:57 PM

Do commissioners get paid or are they volunteers?

**From:** lex morris to Everyone 07:58 PM

The Berkeley Marina and CC Park are essential for people from ALL OVER the Bay Area but also SO MANY BIRD SPECIES - some already threatened - along with other wildlife. It is CLEAR to so many of us - the BMASP proposals would destroy this ENTIRE area - this is a PUBLIC SPACE with countless benefits to people and wildlife. It is incomprehensible to us that the city would spend millions upon millions to aid a developer to destroy something this spectacular and RARE!! It is getting more and more difficult to find open space like this so proximate to our already over-crowded cities - NO NO NO to the BMASP - DO NOT PAVE THIS PARADISE!!!

**From:** Carla Woodworth, Parker Street to Everyone 07:58 PM

Does the commission have a quorum?

**From:** nicole bloom to Everyone 07:58 PM

I oppose the BMASP plan pertaining to Cesar Chavez Park - Leave commercial development out of this precious area. We use it as a natural open space.

**From:** Steven F to Everyone 07:59 PM

Adding commercial elements to Cesar Chavez Park (that are quite dubious in their ability to actually generate revenue), is bad policy.

**From:** steve t to Everyone 08:01 PM

My say on BMASP is I am a Berkeley resident who goes to Cesar Chavez Park to enjoy being in nature and let my dog run off-leash. No dedicated event pavilion or center. No "Large Adventure Park" smack on top of the Native Plant Area in the southwest corner of the park. Maintain the native plant area and off-leash area. Steve Tracy district6

**From:** Wini Williams to Everyone 08:01 PM

We bought our home in Berkeley in 1989 and have visited Cesar Chavez Park frequently since then. The space may not be rich with amenities, but that clearly suits this community. It's a wonderful, unique, accessible space that honors humans, wildlife, and the Bay. While a music venue and features like zip lines sounds perfectly nice, it's a commercialized development that can't possibly serve our entire Berkeley community the way this organic Park does now. Developers can find another place for this type of attractions. Further, the BMASP process seems quite covert. It has not been inclusive and transparent.

**From:** Larry Strain to Everyone 08:22 PM  
Please do not let commercial development happen at Cesar Chavez Park. I've been coming to the park since it was a dump, watching birds walking my dog, meeting people, and enjoying the natural beauty of the the bay's ecosystem. It's a gem, let keep it that way!

**From:** susan black to Everyone 08:22 PM  
It is an absolute insult that commissioners have left this meeting and are not interested in how the public feels or thinks

**From:** Kathryn Ruiz SWer to Everyone 08:23 PM  
Thank you above chatter - a music venue and other recreational features is absolutely not something we should have in that space. Look at Jack London Square - total entertainment area - I am NOT interested that the CC Park will not be developed - just preserved...

**From:** Berkeley Resident to All Panelists 08:23 PM

I am in opposition to the proposed commercialization of Cesar Chavez park and Marina area. In our fast-paced urban area I am grateful for the park as a place of calm and peacefulness. I love the off leash area where park visitors talk while we enjoy watching the dogs frolic. I love that all area residents have access to and benefit from this shared community jewel of a park with its sea breezes and priceless uplifting views. It is unthinkable that, with all the love and care that many area organizations and residents have put into creating it, that anyone in our city would support destroying this cherished space. It is distressing that the process of creating the Area Specific Plan has been so opaque. I would expected Berkeley to have an open democratic process with active outreach for input from stakeholder organizations and residents.

**From:** Carla Woodworth, Parker Street to Everyone 08:24 PM

At least four out of 9 commissioners are listening (thank you)...but is this the public process in Berkeley these days?

I live in Emeryville and visit CC park weekly, it's the best bay side outdoor space in the area and I am alarmed to learn there is an effort to develop it... the city of Berkeley shouldn't even be entertaining this idea. If you need revenue, install reasonable parking meters and EV chargers. Leave the park alone! We need spaces like this for our mental health. I also support the pubic restroom comment, that would be helpful. Thanks to all those who are fighting to save this wonderful park!!

**From:** Jeff Malmuth to Everyone 08:28 PM

Two weeks after the Berkeleyside article appeared on April 29 I started savecc6@gmail.com. In a little less than 2 months we are now a group of 313 households that all deeply love and appreciate the open space at Cesar Chavez Park. On a related issue, I think it is significant that not one of the hundreds of park goers I have personally spoken with knew anything about the proposed large scale commercial attractions that are euphuistically called "revenue opportunities" by the BMASP consultants.

Our group of 313 concerned park goers comprise an amazing cross section of social, economic, professional, racial and gender groups. Yet, of all the letters, emails and conversations I have had with this wonderful group I feel confident in stating that we are united in our belief that Cesar Chavez Park should remain untouched for ourselves our families and the larger community. All the letters to the PRW commissioners have demonstrated that Cesar Chavez Park has profoundly touched the emotional, physical and spiritual soul of so many. I therefore humbly ask that Cesar Chavez Park remain as it is: an important uncluttered space to be loved and appreciated by all park goers now and in the future. I intend to continue to reach out to more Park goers so that they can also voice their opinions regarding the BMASP plan at the next meeting whenever that is.

**From:** Carla Woodworth, Parker Street to Everyone 08:28 PM

Bring on the vote! At least then the people of Berkeley will be notified about this plan.

**From:** emma to All Panelists 08:29 PM

My name is Emma, and I am 34 years old. I moved to Berkeley in 2021 from Austin, TX, where I have been since 2005. I would like to share a bit about my background. I originally moved to Austin at the age of 17, and have lived in the heart of the city, near Barton Springs and Lady Bird Lake. The city was once a peaceful haven, full of close community, natural beauty, and wildlife. Austin, Travis County, and the State of Texas have sold Austin out to private and corporate financial interest. The waterways, which we all know are extremely vulnerable ecosystems have been damaged due to construction of new "developments." Every turn of this development has pushed long time residents out, and deteriorated the heart and soul of a once extremely special place. Myself and is no longer that special place. It feels like living in an amusement park. (Zip Line, really???) Please, please - do not do this to Berkeley, especially the marina and Cesar Chavez Park. Do not make these same mistakes. They are irreversible and a

**From:** Summer Brenner to All Panelists 08:30 PM

We are so fortunate to live in an urban area with such access to a gorgeous park adjacent to the waters of the Bay and views of islands, the city, and the contours of the hills of Marin. This is a refuge for humans and many other species. It is a model of how urban life and its intrusions on well-being can be relieved by an immersion into the natural environment. It is a remnant that must be honored and preserved. I am absolutely opposed to the proposed BMASP elements.

**From:** emma to All Panelists 08:30 PM

They are irreversible and at the end of the day serve private corporate profit interest.

Open, public space is vital to every community. Do not take this away from the People. Cesar Chavez and the Marina are the lifeblood of my community in Berkeley. Sailing brought me to Berkeley. Sailing in and out of that marina is everything to me and my friends. The sunsets picnics and late night dog walks brought me to Berkeley. The kites in the wind, the

view of the entire bay, the city to the south, the bridge, Mount Tam., watching the stars shift through the seasons over all of it down by the rocks...

**From:** Kathryn Ruiz SWer to Everyone 08:30 PM

I completely agree and support with what the prior speaker said about the development. Thank you..

**From:** Berkeley Resident to All Panelists 08:30 PM

Berkeley has a proud history of preserving open space, a valued feature of who we are and what we prioritize and hold dear. Let us honor our forebears and uphold cherished values, as they did, against the commercializing of our sacred open spaces. As stewards we must protect our natural areas from the misguided ideas of corporate design firm staff who do not appreciate, know or value the legacy of Berkeley's open spaces. These special places are not here to be trampled on and destroyed for profit. I hope we will collectively choose to continue to protect our open spaces, fought for by our predecessors, and draw lessons from their wisdom and legacy to guide our course.

**From:** Rachel Bradley to Everyone 08:31 PM

Yes, the process has been very opaque. Very poorly run. Another failure by the consultants, as well as the city.

**From:** Mark Lowe to Everyone 08:31 PM

Comment about which Commissioners seem to be actually considering the overwhelming comments against Commercial Development. These folks have the final say. What a corrupt process. All Developer driven under the current City Government.

**From:** emma to All Panelists 08:31 PM

The Berkeley Marina, Cesar Chavez Park, and the community that orbits around this place are accessible to people of all classes. Do not turn it into an entertainment park for affluent people only. Cal Sail, Berkeley Marina, Berkeley Yacht Club, and Berkeley Marine Center are long standing, vibrant communities that are hands down the reasons I chose to relocate. I continue to be an active member of the aforementioned organizations and current paying customer of Berkeley Marine Center, Berkeley Yacht Club, and soon to be Berkeley Marina. I will be encouraging my community in those circles to actively participate in this dialogue moving forward.

**From:** Kathryn Ruiz SWer to Everyone 08:32 PM

Yes, thanks to Jeff and his outreach, I know about the proposed development, but most of my dear friends and community who love the CC Park are not aware of this development plan

**From:** emma to All Panelists 08:32 PM

In regards to referenced "revenue opportunities" envisioned by the "consultant" Hargraves. Specifically in regards to the inclusion of "large events and concerts at the proposed Pavilion." The "consultant" writes: "City staff estimates that there is demand for 4 large events and 3 large festivals." First off - where does the city staff's estimated demand come from and who are they? I can assure you that music festivals are detrimental to community, land, and wildlife. I have lived in the near vicinity of several in Austin, and they are misery. Don't pander to tourists who do not care about this special place. There will be immense increase in trash and waste (on the water!), the noise is unbearable (People also live at the marina!), the traffic will worsen to an impenetrable degree. Music festivals chase long time residents (including wildlife) out - for good.

I want to reiterate the need for utmost transparency in this process. I also want to reiterate the environmental irresponsibility on this proposed "development." We all know the clay cap on the land is already vulnerable. I would also like to implore the City of Berkeley to make Reparations and Land Rematriation efforts to the original Indigenous communities and Peoples Resisting Colonization. I second the emphasis on accessibility disability as well. Do not sell out to "consultants" and private corporate interest. Listen to your community, your constituents.

**From:** emma to All Panelists 08:32 PM

Spend this money to clean up the park, implement bioremediation methods to the land and water and habitat, improve accessibility to all, and improve existing facilities. Don't turn this gem into an amusement park.

Further, most people in the community don't yet know about these appalling plans. You can be assured that opposition will only grow exponentially. The marina is incredibly dear to generations of locals, and we will be resolute.

**From:** Kathryn Ruiz SWer to Everyone 09:11 PM

Notice that not one human who supports this plan has spoken tonight. Isn't this pretty clear Berkeley council members and commissioners?

**From:** Nusi Goldfish to Everyone 09:12 PM

Great, salient questions from the last speaker!!!

**From:** Jeff Malmuth to Everyone 09:12 PM

David on account of you, I was able to share with our group some of the most awesome videos of CCP from the sky. Thank you. I will send them out again for people to see.

**From:** Kathryn Ruiz SWer to Everyone 09:13 PM

Does anyone know how many people are in this zoom??

**From:** David Fielder to Everyone 09:13 PM

How about demanding that candidates for the 4 Council positions up for election state how they will approach this issue? Then vote to ensure YOUR representative listens.

**From:** Berkeley Resident to All Panelists 09:13 PM  
There were over 100 people in the zoom.

**From:** lex morris to Everyone 09:13 PM  
at one point early in the meeting they said 127 I think was the number

**From:** Audrey webb to All Panelists 09:13 PM  
Please let's have time to discuss this before they leave for evening.

**From:** Carla Woodworth, Parker Street to Everyone 09:14 PM  
Good idea David!

**From:** Kathryn Ruiz SWer to Everyone 09:15 PM  
Thanks - I added in late -I bet a lot more joined in after the initial 127 -  
Full heartedly agree with what Mark just said.

**From:** lex morris to Everyone 09:15 PM  
before that they said 119, then said 127 - I think those were the only 2 times they mentioned that

**From:** David Fielder to Everyone 09:15 PM  
This is exactly what's wrong with process. We can't see each other or even know (except via Chat comments) who is even involved. This is conscious effort to minimize our input. Zoom allows us to be listed and viewed - but Staff controls it and prohibits.

**From:** Carla Woodworth, Parker Street to Everyone 09:15 PM  
In a democratic society, the names of people on the call (and their pictures) would be available on a Zoom call.

**From:** Camille to Everyone 09:16 PM  
Is there a contact person for chavezpark.org?

**From:** Kathryn Ruiz SWer to Everyone 09:16 PM  
Why the heck isn't there a council representative in this meeting then???

**From:** lex morris to Everyone 09:16 PM  
write Marty at info@chavezpark.org

**From:** Camille to Everyone 09:16 PM  
Thank you.

**From:** Kathryn Ruiz SWer to Everyone 09:17 PM  
Will do Lex - Who is Marty??

**From:** lex morris to Everyone 09:17 PM  
Martin Nicolaus - he founded chavezpark.org and has done and continues to AMAZING work for the park

**From:** Rachel Bradley to Everyone 09:17 PM  
So what should we tell the council to do for financing without destroying the place?

**From:** Carla Woodworth, Parker Street to Everyone 09:18 PM  
That is the council's problem.

**From:** Leslie Brogan to Everyone 09:18 PM  
DEFUND THE POLICE

**From:** Mary Barnsdale to Everyone 09:18 PM  
I'm disappointed that -- despite lots of feedback and pushback on this issue -- once again this important Zoom meeting was apparently not recorded.

**From:** Kathryn Ruiz SWer to Everyone 09:19 PM  
GORDON!! More people will come b/c the road has been improved - this is enough - we do not need any commercial development - peeps can pick up their picnic goods at Seabreeze - enough...

**From:** Camille to Everyone 09:19 PM

re finances: fix the financial structure that diverts money away from marina to the city as well as don't depend on Marina Fund solely to maintain entire acreage.

**From:** Virginia Browning to Everyone 09:19 PM

Capital improvements? There are volunteers here and elsewhere, and could be more. I know someone well who was a parks employee. There is a LOT that can be done by volunterr labor.

**From:** Daneen to Everyone 09:19 PM

Where can I find a detailed description of the proposed project?

**From:** David Fielder to Everyone 09:20 PM

Have Council return the TOT tax to the Marina, Notably, the latest WETA business plan for the ferry terminal suggests that TOT funds may need to be used to subsidize that operation. They also mention increased property taxation. Be very afraid....

**From:** Kathryn Ruiz SWer to Everyone 09:20 PM

Are you kidding me?? This meeting is not recorded? How is that possible???

**From:** Berkeley Resident to All Panelists 09:20 PM

Thank you Commissioner Kawczynska for starting the off leash area! We love it!

**From:** Helen Greenspan to Everyone 09:20 PM

"getting more people to come down there" makes me think you are missing the point here.

**From:** Camille to Everyone 09:20 PM

City staff think it is illegal.

illegal to record, that is.

**From:** Wendy Patterson to Everyone 09:20 PM

yeah claudia!

**From:** David Fielder to Everyone 09:21 PM

Again, Staff chooses to not record - in spite of months of voter complaints....

**From:** Wendy Patterson to Everyone 09:21 PM

how much is this "problem"? ie the financial need?

**From:** Carla Woodworth, Parker Street to Everyone 09:21 PM

& what does the city attorney say?

**From:** Rachel Bradley to Everyone 09:21 PM

Thank you Claudia!

**From:** Berkeley Resident to All Panelists 09:21 PM

East Bay Regional Parks has offered to make it part of the regional park system.

**From:** Mary Barnsdale to Everyone 09:21 PM

It's definitely not illegal to record a public meeting. In fact, it's best practice.

**From:** Mark Zoidis to All Panelists 09:21 PM

Why does it desperately need capital investment? It's fine the way it is. Are the other commercial relationships clear already there? Marina center, cal sailing, etc

**From:** Kathryn Ruiz SWer to Everyone 09:21 PM

My goodness - My zoom yoga classes are recorded - and this very important public record cannot be recorded???? Shame shame..

**From:** David Fielder to Everyone 09:21 PM

Council meetings are recorded - try and justify the discrepancy?

**From:** Rachel Bradley to Everyone 09:22 PM

Hopefully at least the chat will be saved and put in the record.

**From:** Kristin HANSON to All Panelists 09:23 PM

I am a resident of southwest Berkeley, and at least once a week I bicycle down there to walk at the marina for a couple of hours. I was shocked and appalled by the plans to develop the park and the marina more generally with a view to revenue generation. Sunsets, moonrises, herons, owls, voles, flowers, grasses — how are these supposed to be “self-supporting” -- the goal the plan states for the place? We, the city's residents, need to support our open spaces financially -- not, absurdly, expect them to "support" themselves financially.

**From:** David Fielder to Everyone 09:24 PM

So, who is running for Council??

Do you think that might color their approach to this issue?

**From:** Camille to Everyone 09:24 PM

re recording: another point to make comments on, here and with your councilmember.

**From:** Masha Gutkin to Everyone 09:25 PM

Another concern is traffic! It's already out of control on weekends on the 80

Yes to bird sanctuary!!!

**From:** Berkeley Resident to All Panelists 09:26 PM

Golden Gate Audubon is very active and might be interested in being involved.

**From:** Jim McGrath to Everyone 09:26 PM

A parking fee won't even cover the cost of administering it. That is true of of the suggestions

**From:** Leslie Brogan to Everyone 09:26 PM

traffic is a huge concern - The West Oakland Action Steering Committee did a study in 2019 showing the additive cancer and asthma risks in surrounding neighborhoods from local traffic. This will only get worse. Read the report here <https://www.baaqmd.gov/~media/files/ab617-community-health/west-oakland/100219-files/owning-our-air-plan-summary-pdf.pdf>

**From:** Kathryn Ruiz SWer to Everyone 09:27 PM

Thank you Erin - you clearly are paying close attention to our feedback and I really appreciate that.

**From:** Carla Woodworth, Parker Street to Everyone 09:27 PM

The City of Berkeley sends out city-wide mailings when it is in their interest. The City should not expect volunteers to notify the public. Take some of that \$15 million the State just gave you and send out real information--not cooked by City Hall.

**From:** Yar to Everyone 09:27 PM

+1

**From:** Wendy Patterson to Everyone 09:28 PM

you can save by firing the consultants! DEFUND the consultants!

**From:** David Fielder to Everyone 09:28 PM

But wait?!? Council and Mayor want to turn the Marina into a Commuter Hub via the WETA ferry....

**From:** Berkeley Resident to All Panelists 09:29 PM

I wrote to my council member several times and they never responded 😞

**From:** micky duxbury to All Panelists 09:30 PM

Dont pay the consultants any more \$\$! What staff in the city is pushing these consultants?

**From:** Rachel Bradley to Everyone 09:31 PM

Mr. Cox, you have not heard much of what was said about how many people in the community have NO IDEA this process is happening.

**From:** kelly hammargren to Everyone 09:32 PM

Brennen has consistently been in the developing the marina camp

**From:** Emma to All Panelists 09:32 PM

I think the commission could benefit from actually seeing this park space. That is allowable.

**From:** Rachel Bradley to Everyone 09:32 PM

There are plenty of other beer halls in town. We don't need one at the marina.

**From:** Anna Kamerow (she/her) to Everyone 09:33 PM

The Greek Theater

**From:** Daniel Larlham to All Panelists 09:33 PM

Cal Shakes, UC Greek Theater

**From:** Erik Radock to Everyone 09:33 PM

Down there, out there?

**From:** Masha Gutkin to Everyone 09:33 PM

This is a false dichotomy - we don't have to either tear everything down or completely develop the park. We want to maintain what we have but not destroy the nature and open space. NO ONE HERE MENTIONED A BEER MARKET as desirable. NO ONE wants large events. There is Greek Theater already!

**From:** Rachel Bradley to Everyone 09:33 PM

Who appointed Mr. Cox?

**From:** Maggie Goodman to Everyone 09:33 PM

Hinkel Park has an amphitheater

**From:** Daneen to Everyone 09:33 PM

I feel strongly about the Berkeley Marina being preserved in all of its beauty and natural habitat. My dad was the first black heavy equipment machine operator in Berkeley and he filled in the land there at the marina so that we could enjoy it today. He has since passed on, but he helped dress it up and I just feel had it not been for my roots here in Berkeley and the marina, I don't think I'd be inspired to run and exercise. Please let us come together and do our part to preserve this gift.

**From:** Emma to All Panelists 09:34 PM

A ropes course does sound cool. Hypothetically. But this is an expensive ropes course in the WINDIEST part of Berkeley.

**From:** Mary Barnsdale to Everyone 09:34 PM

Definitions will become important when discussing themes, going forward. Bird \*sanctuaries,\* for example, don't generally allow people. (You may be able to look at the sanctuary, but you can't enter it.) If CCP were declared a bird sanctuary, then fishing, swimming, kayaking, cycling, and probably even walking would no longer be allowed. Enhancing and expanding habitat is a better way to put it.

**From:** Leslie Brogan to Everyone 09:35 PM

How are you going to protect the 2 foot clay cap holding in 1.6million tons of landfill under Cesar Chavez when the new beer market gets built

**From:** Masha Gutkin to Everyone 09:35 PM

people have different definitions of "thriving"

**From:** Wendy Patterson to Everyone 09:35 PM

what does he mean by "successful?"

**From:** Stephanie Sullivan to All Panelists 09:35 PM

Mr Cox, you have not done your own homework. There are many outdoor event venues all over the east bay. The marina doesn't need it. The restaurants that are closing are closing because there is no demand. Ask and listen to what the people want.

It IS thriving, we are evidence of this.

**From:** MB to All Panelists 09:35 PM

Wow, Brennan, you really don't get it, do you?

**From:** Berkeley Resident to All Panelists 09:35 PM

I guess it depends on how one defines "success".

**From:** Wendy Patterson to Everyone 09:35 PM  
that scares me...I don't want "success" if it means financial or "development"

**From:** Kathryn Ruiz SWer to Everyone 09:36 PM  
What is Brennan talking about? It IS THRIVING -maybe not in the commercial way you are talking about - it is thriving as a public peaceful space for all humans. Gosh Brennan - go to Jack London Square for entertainment and beer gardens.. Protect this space please...

**From:** Wendy Patterson to Everyone 09:36 PM  
have you been to the park? It is very diverse!

**From:** Nusi Goldfish to Everyone 09:36 PM  
How does a nature area "thrive" and be considered a "success?"

**From:** lex morris to Everyone 09:36 PM  
Adding these things will harm the area and the species there - the "nature" theme in the document is not environmentally sound - driving birds away is not ecologically sound - we don't need big walkways and overview decks in order to overlook bulldozed meadows - the BMASP deck does not have specifics - they give themselves tons of room to build whatever and however many types of venues as they like - this is precisely the problem

**From:** Judy Jamerson to All Panelists 09:36 PM  
+1 KR

**From:** Camille to Everyone 09:36 PM  
It is a question of balance - we need some improvements but with a vision of maintaining the natural beauty. There has been no wholistic planning.

**From:** Wendy Patterson to Everyone 09:36 PM  
Yes to ADA. and Yes to good bathrooms!!

**From:** Maya Blum to Everyone 09:36 PM  
Wow, Brennan, you really don't get it, do you?

**From:** Rachel Bradley to Everyone 09:36 PM  
Davina, we all value the diversity of the park, and want to preserve it.

**From:** Alan K to All Panelists 09:36 PM  
Good points, Davina

**From:** Dina Roumiantseva to All Panelists 09:36 PM  
It's shocking to hear that Mr. Cox who has no understanding of Berkeley's history and culture be so involved in this process

**From:** Mimi Mougovan to Everyone 09:36 PM  
Brennan -- you just heard unanimous support that the natural part of it IS successful. as for going to Tahoe-- the city council talks all the time about reducing greenhouse gas effects -- that's another reason why Cesar is great for us. and while it's not Tahoe -- it IS Cesar and it is affordable for almost everyone.

**From:** Virginia Browning to Everyone 09:37 PM  
Weren't you going to answer what you're talking about re ADA needs? I see disabled folks there every day.

**From:** Herb Schwartz to All Panelists 09:38 PM  
Enjoying nature by destroying nature? Unfortunately development of nature for humans has too many non-mitigation CEQA impacts. This project subject to obvious expensive litigation which is a lose lose equation for the city and for the community the city governs.

**From:** Kathryn Ruiz SWer to Everyone 09:38 PM  
Dear commissioners - go to the park in the early mornings, mid day, end of day at sunset - you will understand soon why we want this space preserved...

**From:** Camille to Everyone 09:38 PM

Davina, the area is already a low-cost recreational resource for many. We are trying to enhance that value for a large cross section of the population.

**From:** Wendy Patterson to Everyone 09:38 PM  
Does anyone know how much financial gap there is? the "problem" as they refer to it..

**From:** Kathryn Ruiz SWer to Everyone 09:38 PM  
Sorry - preserved..

**From:** Wendy Patterson to Everyone 09:39 PM  
that survey was DEEPLY FLAWED! it didn't have an option to choose leave the park as it is, natural!!!

**From:** Julia Cato to Everyone 09:39 PM  
Our park does not need to be revitalized. What does that even mean? Revitalize is a marketing term. The park is not a product.

**From:** Virginia Browning to Everyone 09:39 PM  
Casual dining? NO one almost no one wanted that on the survey. It would create garbage- clean-up cost.

**From:** Wendy Patterson to Everyone 09:39 PM  
kayak rentals, bike rentals

**From:** Rachel Bradley to Everyone 09:39 PM  
The maps on the consultants plans showed intrusion on many of the natural spaces.

**From:** Virginia Browning to Everyone 09:39 PM  
Revenue is not what nature creates. Nature is to be preserved by revenue elsewhere.

**From:** Camille to Everyone 09:40 PM  
See <https://berkeleyca.gov/your-government/our-work/capital-projects/berkeley-marina-area-specific-plan-bmasp-project> and <https://berkeleyca.gov/your-government/our-work/capital-projects/berkeley-municipal-pier-ferry-project>

**From:** Carla Woodworth, Parker Street to Everyone 09:40 PM  
Casual dining---the District One commissioner.

**From:** Yar to Everyone 09:40 PM  
I didn't get a survey!

**From:** Kathryn Ruiz SWer to Everyone 09:40 PM  
Yes -I have not heard anyone want casual dining - there are plenty of places in Berkeley on the way to the Marina for people who want to take food there for a picnic... Gosh you all - are you hearing us???

**From:** Rachel Bradley to Everyone 09:41 PM  
Casual dining would probably mean more pollution (from car fumes, trash, noise, etc.) - probably not a good idea.

**From:** Erik Radock to Everyone 09:42 PM  
Casual dining?

**From:** Virginia Browning to Everyone 09:43 PM  
Lots of people's grandkids DO go down there.

**From:** Kathryn Ruiz SWer to Everyone 09:43 PM  
There is a beach area at Albany Bulb

**From:** Daneen to All Panelists 09:43 PM  
Absolutely!! Tons of us

**From:** Carla Woodworth, Parker Street to Everyone 09:43 PM  
The City of Berkeley installed sand at the beginning of the Shore Bird Park....\$100,000 worth of sand...washed out in the tides.

**From:** Wendy Patterson to Everyone 09:43 PM

a beach? Now he's talking about spending money...i thought we were trying to save money?

**From:** Rachel Bradley to Everyone 09:44 PM  
My kids loved the adventure playground, a special Berkeley place.

**From:** Masha Gutkin to Everyone 09:44 PM  
Yes - I loved the adventure playground as a kid

**From:** Yolanda to Everyone 09:44 PM  
it really sells itself!

**From:** Virginia Browning to Everyone 09:44 PM  
We see happy kids there every day. It's slightly decrepit lately because of the cracks in the asphalt. Kids are seen there every day. Many. They love it.

**From:** Stephanie Sullivan to All Panelists 09:44 PM  
Geez, Gordon. It's a place I want to go to every morning! What am I, chopped liver?

**From:** Kathryn Ruiz SWer to Everyone 09:44 PM  
Oh my goodness Gordon - are you kidding?? Have you been to the park recently? NOTHING decrepit about it!! I am insulted by what you are saying - I go every day - it is gorgeous with plenty of opportunities for us and our kids - I love taking the kids there- and they love going there.

**From:** Kristin HANSON to All Panelists 09:45 PM  
We don't need sand, but we could use a ladder at the end of the south cove pier to help swimmers get out.

**From:** Wendy Patterson to Everyone 09:45 PM  
solution to what? pls DEFINE THE PROBLEM??

**From:** Maggie Goodman to Everyone 09:45 PM  
No money in the Marina Fund.

**From:** Rachel Bradley to Everyone 09:45 PM  
We need some good solid ideas for financial solutions - the city should have some expertise to come up with these!

**From:** Kathryn Ruiz SWer to Everyone 09:46 PM  
Gordon - seriously - there has been SO MUCH improvement down there recently -you are very out of touch and I am offended.

**From:** Julia Cato to Everyone 09:46 PM  
Was he listening at all? None of the other parks have to be entertaining, why this one?

**From:** Dina Roumiantseva to All Panelists 09:46 PM  
Lots of young people and kids enjoy just running around, watching the bay, breathing fresh air, flying kites, and watching wildlife. It's crushing to hear the commissioners ignore everything that was said

**From:** Virginia Browning to Everyone 09:46 PM  
Work together - great. Last weekend there were MANY volunteers as usual in the native plant planting area. I've been to one, though it was hard to find the notice of it.

**From:** Rachel Bradley to Everyone 09:47 PM  
How can we find out when the meetings are?

**From:** Daniel Larlham to All Panelists 09:47 PM  
Are the current consultants hired by the Council or the Commission?

**From:** Virginia Browning to Everyone 09:47 PM  
Aren't the BMASP meetings now CLOSED to the public? I wish we would CLOSE them to the consults. Please fire them and start over.

**From:** Herb Schwartz to All Panelists 09:48 PM

Berkeley has sufficient expertise in its citizenry to have facilitated meetings so the city and the "people" can work together and should not be relegated to the council until there is consensus.

**From:** Jim McGrath to Everyone 09:48 PM

To Gordon's point--an enhanced beach would be good for habitat, swimming, and resilience. Nothing in the BMASP to date recognizes the increased number of swimmers, or considers how that will increase with a warming climate or what the swimmers need.

**From:** Virginia Browning to Everyone 09:48 PM

We have asked what is the ADA stuff needed and where do we find out?

**From:** Daniel Larlham to All Panelists 09:49 PM

Could the Commissioner clarify why some commissioners were absent for a good portion of the public comment session?

**From:** Stephanie Sullivan to All Panelists 09:49 PM

I invite every commissioner in this meeting to join me tomorrow morning at 7:30 at the entrance to the off leash area. Walk with me, meet the 40-50 people using just this one small area in this short time, to experience the park and community that already exists and is thriving.

**From:** Dina Roumiantseva to All Panelists 09:49 PM

Thank you Erin for this key point

**From:** Carla Woodworth, Parker Street to Everyone 09:49 PM

How about inviting Zach Stewart, the architect for Shore Bird Park who lives in San Francisco?

**From:** Camille to Everyone 09:50 PM

There have already been about a years + worth of BMASP meetings. But community engagement has been restricted as this group has noted. Any suggestions on how these ideas by public and commissioners can be integrated into the process?

**From:** Maggie Goodman to Everyone 09:50 PM

Good points Erin. Keep pushing.

**From:** Rachel Bradley to Everyone 09:50 PM

Good points Erin!

**From:** Berkeley Resident to All Panelists 09:50 PM

Thank you Commissioner Diehm. Maybe we need that Presidio's consultants.

**From:** Mary Barnsdale to Everyone 09:50 PM

Thank you, Erin and Claudia

**From:** David Fielder to Everyone 09:50 PM

Gee - wouldn't it have made sense for "the consultants" to have worked with the PRW Commission PRIOR to developing their proposals.

**From:** Herb Schwartz to All Panelists 09:51 PM

Erin's example of the Presidio is valuable....and it took a long time to come up with the plans that responded to the nature of the place.

**From:** Judy Jamerson to All Panelists 09:51 PM

Crissy Fields is now way too crowded... do you really want that kind of craziness in Berkeley?

**From:** Virginia Browning to Everyone 09:51 PM

Crissy field is boring compared with Cesar Chavez. It is a monolith.

**From:** Rachel Bradley to Everyone 09:52 PM

This community does not want taco trucks and beer gardens. No one mentioned them tonight.

**From:** Leslie Brogan to Everyone 09:52 PM

Energy = Revenue

**From:** Camille to Everyone 09:52 PM

Actually, this is a good point, Brennan. Maybe city needs to redo contract with HJ or start over with another consultant and process. But city needs to get with an accepted vision and direct a consultant accordingly.

**From:** Mimi Mougovan to Everyone 09:52 PM

I lived in SF 40 years: Chrissy Field is an entirely different place. Energy? Why is beer continued to be mentioned Brennan? NATURE IS THE DRAW HERE . NATURE is NOT entertainment. And we have it.

**From:** Mark Zoidis to All Panelists 09:52 PM

The point of this park is it is not Chrissy field. It is chill

**From:** Daniel Larlham to All Panelists 09:52 PM

The commercial activity needs to be seriously circumscribed and separate spatially from the natural areas, or the wildlife will suffer

**From:** Judy Jamerson to All Panelists 09:52 PM

+1 MM

**From:** Berkeley Resident to All Panelists 09:53 PM

We have enough beer gardens and taco trucks! We can't get more open space once it is gone.

**From:** Nusi Goldfish to Everyone 09:53 PM

"Energy" means.....money from taco trucks?

**From:** Kristin HANSON to All Panelists 09:53 PM

Taco trucks????? You don't have to go to the marina to find one.

**From:** Virginia Browning to Everyone 09:53 PM

ADA?

**From:** Carla Woodworth, Parker Street to Everyone 09:53 PM

2 + hours of testimony and it comes back to beer gardens and taco trucks.

**From:** lex morris to Everyone 09:53 PM

The BMA SP document pays lip service to environmentalism but when you carefully look over so many of the actual proposals themselves - and look at the photos at the end of the deck - they're based in proposals to essentially pave over the majority of CCP

**From:** Sally Nelson to Everyone 09:54 PM

Thank you !!!

**From:** Yar to Everyone 09:55 PM

Thank you guys very much.

**From:** Alan K to All Panelists 09:55 PM
